

In today's high tech environment, the backbone of any organization is your network, enabling you to stay connected with your customers, employee-associates and suppliers. Rapicom's mission is to provide you with a total product solution for your network requirements.

We are a distributor of wire, cable, fiber optics, custom cable assemblies, data and telecommunication products. We specialize in cabling and connectivity products for data, voice and video applications. With inventory stocked in regional warehouses throughout the country, we are able to offer deliveries of 3-5 days on normal stocking items.
